Consultation

A detailed assessment of the human remains was made by the State Historical Society of Wisconsin professional staff in consultation with representatives of the Forest County Potawatomi Community, Wisconsin; Ho-Chunk Nation of Wisconsin; and the Menominee Indian Tribe of Wisconsin.

History and description of the remains

In 1990, human remains representing, at minimum, one individual (HP.BR-0101.1) were removed from the Point Sauble site (47-BR-0101) in Brown County, WI. The remains were discovered in a backfill pile of a sewer line installation during the State Highway 57 Improvement Project. An archeological consultant, the Brown County Sheriff's Department, and the Brown County Coroner were contacted. The human remains were transferred to the State Historical Society's Burial Sites Office. The human remains were determined to represent a young adult Native American male. No known individuals were identified. No associated funerary objects are present.
